

WOW - COVID-19 Travel Update

Dear Travellers + Travel Professionals,

To our valued guests and travel agents – we hear you. We want to reassure you that the health, safety and wellbeing of our guests, partners and employees is our top priority. Because this situation is so fluid, we are assessing all our tours and the regions they operate in on a daily basis and communicating decisions immediately.

We're closely monitoring the guidance provided by the World Health Organization (WHO), Centres for Disease Control (CDC), The Canadian Government and Health Canada to ensure the safety and security of our guests and employees. Based on current details and information we have made the decision to postpone all our 2020 departures.

Guests booked on 2020 departures will be contacted by me to review all options.

Tours listed on our website for 2021 will go ahead as planned. We will be promoting these destinations by means of webinars to keep you all informed.

We thank you for your support and understanding and remember, we are all in this together.

Linda Khanna | Director | Women of the World Travel
